To whom it may concern,

Re: Supply of MGO to Ravnanger / Westchart AS

We, Bergen Bunkers AS, confirm that we attempted to source MGO DMA 0,10% sulphur to the vessel Ravnanger (IMO: 9212371) in the ports of Providence and New Haven for supply on or about the 25-27 February 2015.

Bergen Bunkers AS attempted to source MGO DMA 0,10% sulphur to Ravnanger from Global Companies L.L.C. for the supply, but were informed that only truck supplies were possible in the above ports, and tankers were not allowed to receive bunkers from trucks. This was reconfirmed by local brokers Glander International Bunkering Inc. Bergen Bunkers AS was unable to source the MGO DMA 0,10%.

Regards,

Bergen Bunkers AS
